BALEV CORPORATION EOOD

ЗА НАС

Фирма "Балев" е основана през 1990 година във Варна, България от Димитър Балев и започва дейност в сферата на търговията. По-късно, през 1997 година е регистрирана търговска марка „Ареон" и на пазара започват да се предлагат продуктите на компанията – ароматизатори за въздух. „Ареон" бързо добива популярност и от локален доставчик, за 10 години се превръща в световна марка. Днес ние се стараем и работим да оправдаем очакванията на клиентите ни за стойност и качество. В същото време се стремим да намираме и принципно нови решения за ароматизиране.

ABOUT US

Balev Company was established in 1990 in Varna, Bulgaria by Dimitar Balev, as a sales firm. In 1997 the Areon trademark was registered and the company's own air fresheners appeared on the market. Areon quickly gained popularity, and in ten years grew from a local supplier to a well known worldwide brand. Today, we strive and work in order to fulfill the expectations of our customers in terms of value and quality. At the same time, we aim to find new solutions and technologies in functional perfumery.
